Summary

First-year IT student at NIT Raipur who has been building web projects since class 8. Built and runs AnimeXStream, a live streaming platform with 500+ registered users. Works with HTML, CSS, JavaScript, PHP, Python, C++ and MySQL, has trained in AI and robotics with ROS, and is now learning Java.

Education

National Institute of Technology Raipur , Raipur	Expected 2030
B.Tech in Information Technology (1st year)	
Class 12 , Shri Shankaracharya Vidyalaya (CBSE)	91.6%
Class 10 , Shri Shankaracharya Vidyalaya (CBSE)	95.4%

Projects

AnimeXStream Live streaming platform	animexstream.eu.org
PHP, Python, MySQL, HTML, CSS, JavaScript	

- Built and run a live streaming platform with 500+ registered users.
- Designed the MySQL database and connected it to the login and signup system using PHP and Python.
- Built a bulk email system to send announcements and updates to users.
- Added an IPTV section for live TV channels alongside the main streaming catalog.

Railway Reservation System

Python (IDLE)

- Built a railway reservation system modeled on IRCTC, covering train search, ticket booking and cancellation, PNR status and captcha verification.

Web apps and interface clones

HTML, CSS, JavaScript, public APIs

- Built a chat app, a weather forecast app using beginner-friendly public APIs, and Netflix, YouTube and Spotify interface clones.

Certifications

AI, ROBOTiX and Industry 4.0 for Innovation , ROBOTiX Club, NIT Raipur	Aug 2026
Five-day online workshop covering AI, robotics and Industry 4.0, with ROS, Gazebo, Rviz and Ubuntu.	

Experience

- Freelancing, plus hands-on work in AI and robotics.
- Edited videos and managed YouTube channels.

Skills

Programming	Python, C++, PHP, JavaScript, Java (learning)
Web	HTML, CSS, JavaScript, responsive layouts, IPTV streaming, bulk email
Database	MySQL, SQL queries
Fundamentals	Object-oriented programming, data structures, problem solving, file handling
Robotics and tools	ROS, Gazebo, Rviz, Ubuntu, Git, GitHub
Soft skills	Teamwork, communication, public speaking
Creative	Video editing, YouTube channel management
Languages	Hindi, English
