Summary

I'm a first-year IT student at NIT Raipur. I started coding in class 8 and have been building websites ever since. My biggest project is AnimeXStream, a streaming website I made and still run, with 500+ registered users. I mostly work with HTML, CSS, JavaScript, Python and MySQL, I did a robotics workshop on ROS, and I'm learning Java right now.

Education

National Institute of Technology Raipur , Raipur	Expected 2030
B.Tech in Information Technology (1st year)	
Class 12 , Shri Shankaracharya Vidyalaya (CBSE)	91.6%
Class 10 , Shri Shankaracharya Vidyalaya (CBSE)	95.4%

Projects

AnimeXStream Streaming website	animexstream.eu.org
Python, MySQL, HTML, CSS, JavaScript	

- Made a streaming website that is live today, with 500+ registered users.
- Set up the MySQL database and connected it to the login and signup pages.
- Wrote a bulk email system to send updates and announcements to users.
- Added an IPTV section so people can watch live TV channels on the same site.

Railway Reservation System

[Project report \(PDF\)](#)

Python (IDLE), MySQL

- Made a railway ticket booking system in Python and MySQL, based on how IRCTC works. It has signup and login with a captcha, train search, booking with a PNR number, cancellation with a refund, and PNR status.

Smaller projects

HTML, CSS, JavaScript, public APIs

- Made a chat app, a weather app that uses public APIs, and clones of Netflix, YouTube and Spotify to practise layouts and JavaScript.

Certifications

AI, ROBOTiX and Industry 4.0 for Innovation , ROBOTiX Club, NIT Raipur	Aug 2026
Five-day online workshop on AI, robotics and Industry 4.0, where I learned ROS, Gazebo and Rviz.	

Experience

- Did freelance work and some AI and robotics work.
- Edited videos and managed YouTube channels.

Skills

Programming	Python, JavaScript, Java (learning)
Web	HTML, CSS, JavaScript, responsive layouts, IPTV streaming, bulk email
Database	MySQL, SQL queries
Fundamentals	Problem solving, file handling
Robotics and tools	ROS, Gazebo, Rviz, Git, GitHub
Soft skills	Teamwork, communication, public speaking
Creative	Video editing, YouTube channel management
Languages	Hindi, English
